General Remarks The assessment entered in this Register is according to the assessed rates, in operation, in this District on the Poor lands. They were introduced under orders of Court by Sir H. Manning in 1712 & these rates have invariably been applied to Farms which have remained in the same hands since the revision. The reduction was made on the next survey of assessment subsequent to the deduction of the usual repayment of $12\frac{1}{2}$ P.C. The particulars are fully set out in the General Report.
