

General Remarks

The Agreement entered into this Decr. 1841 is according to the revised rates in operation in this District on the Government lands. These are introduced under orders of Government & will be necessary in July 1842. These rates have in various places been applied to some extent, but have never been introduced on all places since the Amendment. The reduction was made on the basis of survey of places which is subject to a deduction of the usual royalty of 12 1/2%. The particulars are fully explained in the General Report.
