General Remark. The assessment entered in the Register is according to the renewed rates on agricultural lands in this District on the Government lands. The same is transferred under orders of Government by Mr. Bewbury in Fasly 1276. These rates have invariably been applied to Inams which have reverted to Government for Lapse since the revision. The rate for Inams was made on the net produce of assessment subsequent to the deduction of the usual Sayagut of 12½ p.C. The particulars are fully explained in the General Report.
