Collr written to release
February 1870
J Dec 1178

Note

1. These Inams are situated in Motoo Pallem a hamlet of Woodiendrum which was part of the Attaleconda Jahgheer during the original Pymaish time and was resumed and incorporated with Government Villages in Fusli 1259. Therefore there is no Pymaish account for the Village or the Attaleconda Jahgeer Villages the resumption, an Inaum Register of Fusli 1267 and a Taraum Chittah in F 1259, according to which the several entries in this Statement have been made.

2. A portion of the personal Inaum belonging to the parties and situated in Wanienbady Sripatore Taluq Salem District, was taken for the site of the Channel dug by the Attaleconda Jahgeerdar for the purpose of irrigating the Nunja lands of this hamlet Motoo Pallem which adjoins Wanienbady and in lieu of the portion thus taken, the two fields appear to have been granted about 80 years prior to Fusli 1267, and enjoyed by the Inamdar Swamy that time to 1857, on the 20th October of which year, the Inams were placed under attachment agreeably to the Collectors Sarkeel No 369 of that year pending the production by the Inamdar of the Sannad granted for the Inam in the Wanienbady Village. As the latter Inam appears to have been confirmed to the Inamdars Sale Deed issued during the late Inam enquiry, it is now recommended that the 2 Inams in this Statement may be confirmed to them.

3. The Inamdar appeared before the Treasury Deputy Collector and expressed his inability to produce

D M Robinson
Inam Commissioner.
