* name of the latter and that the former be permitted to enjoy the inam and serve as gumasta during the latter's employment in the Regiment in which he was a Sepoy. The latter has now returned to resume the inam having resigned his post but the former objects to make over possession on plea that his family was long in enjoyt. It must also be borne in mind that the Collector's order was based on an amicable arrangement proposed and assented to by the contending parties. The claim of the former for registry in his name is disallowed. As his possession is under the Collector's order merely that of a gumasta and as his right of enjoyment was limited to the period the latter's absence. He also assents to the alienation made to No 2 in column 16 by the occupants or his gumasta.
