General remark

The assessment entered in this Register is according to the present rates in operation in this District on the Government lands. They were introduced under orders of Government by Mr. Bauburg in F1267. These rates have invariably been applied to the Inams which have reverted to Government on lapses since the remission. The reduction was made on the net survey assessment subsequent to the deduction of the usual rejayet of 12½%. The particulars are fully explained in the general Report.
