This Inam appears to have been in the first instance granted like the others of one mowa for 1225 fasli — but subsequently it appears that as the whole was supposed to consist of 10 Kulies — the Inam was supposed to be equal to 10 Kulies

After F. 1215 it appears that a portion was given by the Tripl[icane] to a relation who is not the present holder — to a relation who is not the present holder — the Purana Inam which division has been of this day com- pleted in two accounts —

The Inam with that the Inam has been held as such for the last 50 years —
