 This case was Enquired and
 disposed of as case no 14 of the
 Village Register by the Enam Deputy
 Collector Dummahy Meddion appointed
 for this Taluk but no S. D. issued.
 This matter was Enquired into as per Enam
 Commissioner's order of 22nd May 1861. No. 122.

The original Holder has no issue, but from the
 registers, it clearly appears that Lutchman Chame is
 the Grandson of his brother.
 One Bagharandam Chame is the great grandson
 of the original holder and produces Genealogical table, and
 although two witnesses support this, still they are his relations.
 Moreover, neither the Claimant nor his ancestors ever appear to
 have had houses or land or enjoyed the lands. The Claim, therefore,
 is unworthy of Credit.

The first Claimant Lutchman Chame lives in the Village, does the
 Service and enjoys the allowance in grain attached thereto but as the
 Moumou land, through which the Tank water Irrigates being broken up,
 was unfit for Cultivation and left waste. The first Claimant however
 at some expense repaired it and Cultivated the land since 8 years and
 enjoys it.

Under these Circumstances, the first Claimant possesses a right to the Enam in question.

The records of the case (20) are herewith forwarded.
