App^t p^rts of M-1 in Cal 66 dated Dec^r
showing the title of the other in Cal 68
to have in the Interior being ^{illatrical} returned
with his grandfather.
From the reports of the Subsec^y
in the subject it appears pretty clearly
that the petitioner claim to be recognized
as sole owner is unfounded. The Lab
beg & Khadr Beg, two of B's share are now
in present possession. Lab beg I think
appears to have been usurped for sometime
by Hafsen Babsh & recently taken possⁿ
of by dial beg. whose wife to be there
is understood. He share supposed by the
father of Dial beg is now in possession
of the petitioner in the absence of the
legitimate owners who therefore cannot be
excluded from representation. On these
petitioner claim is rejected.

Contract granted to La Brey
on 10th May 1862.
