as they in Trichinopoly, and

they do not know what became of him
afterwards.

As it appears from the said
Villagers, that the aforesaid Ismail Sahib
was related to Goolam Hoosain as maternal
uncle's son, and there are no other
heirs to Goolam Hoosain; and the record
together with the key facts on the matter were
forwarded to the Enam Commissioner with the
Enquiry No. 1 on the 24th April 1866.

From the Enquiry now held before me at
the Villagers regarding the said Goolam Hoosain,
they stated that they never heard any thing
about him up to this time, and that the Enam
in question is still in the enjoyment of the
aforesaid Ismail Sahib.

This case is entered in this Register,
as the S. D. has not been issued yet.
