This land has been for the last 20 years or so waste. Recently the several Ryots sent in their application for the cultivation of this land. Upon which the Tahsildar inquired & represented to Collector that there was no heir or claimant for the land. The Collector then ordered it to be cultivated by Ryots — & the proceeds credited to Govt. This is the statement given by the Tahsildar & the village Revenue officers — both of whom do not seem to see that there is any necessity for its continuance.

~~[illegible]~~

To be incorporated with Govt. lands.

To be fully assessed as abandoned [illegible]
