

[illegible]

The document entered in the Register is according to the records of the District on the Government books. They were introduced under orders of Government on July 21st 1860. There is no doubt that they have invariably been applied to names which have been sent to Government on papers since the decision. The reduction was made on the not having a President subsequent to the deduction of the usual 50 cents of 47. R. The particulars are fully explained in the General Report.
