

General Remarks. This with 14 other hilltops formed a portion of the Southampton paper's school covered ground as Feb. 1826, when the
was under ground. The soil was brought from the hills, having been cut out not long after the removal of the ground. The seeds were
taken as the standard of reference.

21/8/60. A. R. & A. R. & A. R.

is to compare it to
the Septuagint
as the version is repeated
be found it.
