The villagers were obliged during the former Govt. to keep a Servant to patrol their village paying him 16 Pagodas annually. This is collected from the whole inhabitants of the village - The former Govt. had granted this Inam in part of the wages on acct. of the Menkavali Service which was discontinued long ago - but the villagers ~~still~~ continued to pay the same 16 Pagodas under the head of Motarpha including the assessment of this Inam. Motarpha having been abolished they are not paying more than the usual assmt. upon this land - In fact it is an Inam now. It may therefore be struck off the Inam Regr. and incorporated with the Govt. land -

This Inam was held by one Dasari Kristnan who for said service who died 10 years, ever since which the cultivators of the Inam pay a present to the whole Ryots of the village who all hold the Tope and pay for the produce Rs. 10-10-11 annually which is abt. 1/3 of the amt. paid formerly for two Topes. As only a small extent now remains of the former Topes & as the servant who held the Inam died I do not consider that this Inam shd. be necessarily continued

Notice issued on 17th/2/63

Of these one Mango Tope paying Rs. 26-1-1 was cut down by the Ancient Engineers in f 1256 and the land is being cultivated in Pattas. Only one Tope paying Rs. 10-10-11 ~~paying~~ annually is in existence. This tope consists of Shapa Tope containing 21 trees extending over Rs. 1-10-0 of land which is Poramboke. Moreover it appears in the acct. of f 1258 it is entered that the Inam was granted for taking care of the Mangoes Tope. What the villagers say that it was granted for two Topes (of which a small one is remaining) cannot be safely relied upon as it is not verified by any acct. [illegible]

General Remark. The assessment entered in the Register is according to the revised rates sanctioned for this District at the Good tenure. They were introduced under orders of Government by Mr [illegible] in Fusly 1267. These rates have invariably been applied to lands which have reverted to Government on lapse since the revision. The reduction was made on the net survey assessment subsequent to the deduction of the usual [illegible] of 12½ %. The particulars are fully explained in the General Report.
