This share was mortgaged by Venkata Kistnaya's daughter-in-law Mangamma in Varadhava or 1846 to Ramakoti Subbaya's son Ramaswamaya [illegible] brother Venkatarangaya in [illegible] to mortgage.
The mortgagee produces a Cadjan deed of mortgage dated Varadhava (1846) executed by Mangamma mortgaging the half share for 35 Rs.

This & the above share formed according to the Patta Padvi statement the case in the name of Venkata Kistnaya for [illegible] Inferior, the case was split into 2. Venkata Kistnaya, Subbaya & Gopalaya were brothers. Venkatakistnaya's [illegible] Tripuramba is living. The [illegible] subsistence from [illegible] [illegible] of Subbaya — [illegible] of Gopalaya — As both are close cousins, & as Tripuramba is living under their protection, I confirm the [illegible] also in the names of both.
The mortgagee will maintain his own rights of mortgage.

This is a Inshrotriam Jodi village – This village was originally a Sarva Maniam up Down to the Days of Tippoo the village continued to be enjoyed as Sarva Inam – In Subhakrit or F1192 Tippoo Charged a village Jody of 120 Raja Gopali Pagodas – After the assumption of the Country by the British the same Jody was continued up to F1205. In F1206 Capt. McLeod fixed a Jody of Rs 213-9-0 a year, which Jody was continued up to F1227. In F1228, the Inshrotriam tenure was introduced – Then again in F1232, the former Jody tenure was introduced; & accordingly the Ayakut Acct of F1236 shows the village as a Jodyane – with the Jody of Rs 213-9-0 – Subsequently in F1252 – it was attached for arrears of Jody – & the village released from attachment after the Jody arrears were made good from the Revenue of the village. This process of Jody accruing & attachment was repeated till F1257; In F1258 the village was changed into a Sharo village ~~[illegible]~~ the share of the Agraharadars being 1/3; & that of Govt 2/3 of the Annual Harvest

The village has no hamlets – It stands by itself as an Agraharam The soil is very poor, being of a Sandy Regada mixture – The soil is impregnated with Chalky Earth etc The land is supplied by a small tank – which is entirely rain-fed. The tank was repaired 3 years ago at an outlay of 400 Rs – in which the Agraharadars incurred their share in the cost – The old soil classification of the Demarkation Department, it seems, have included the soil into 5th class – The assessment of the Surveys is comparatively ~~very~~ too very high – rates too high – The bad soil & the high assessment have made the village almost a barren hamlet – From F1259 the village has been placed under the Inshrotriam tenure. The Revenue has not been more than 1/4 of the Ayakut assessment at any time. The over-assessment & the high Jody are amply ~~[illegible]~~ ~~kept~~ testified by the very history of the Agraharam. It ~~has~~ fell into awful arrears when it groaned under the Jody of 213 Rs. The Agraharadars wish the whole of the village on a Kayam Jody tenure on the usual terms – I recommend that the village may be made over to the Agraharadars, at to a Jody equal to the average Circar share – The village is enjoyed in 6 1/2 V. according to an ag. grant

Under the circumstances ... by the Depy Coll the village might be given over on the present average Circar share but not on Cess
