Agrahar Register No ~~8~~ 4

Report Sheet No. 139

Inam register of Agaram Agrahar No 145 in the Ossur Division of the Ossur Taluk Salem Dist.

This is a Tirhuikam [illegible] village. It was originally a sarva Inam grant made by Jagadeva Rayal to the Gurudachar. In Tippu's days it was made an Arda Maniam village. In 1811 the English Govt. made it a Tirhuikam Agrahar which as it is now. The ayacut is very little & is supported by the water running through the breach of an old tank & by an anicut across a jungle stream. But this latter source of irrigation is out of order. The agraharadars allege that the Circar never repaired the anicut, & that the agraharadars themselves repaired it. ~~[illegible]~~ The deeds commence with the reign of Tippu.

20 No 1 & 2 Holders, a deed of sale on [illegible] dated [illegible] by Anjaramma [illegible] to [illegible]. 2º A deed of sale on [illegible] dated [illegible] by Akkamma to Krishnamachary selling 1/8 share for 105 Rs.

No 4 to 9 enjoy 1/4 share

No 10 to 12 enjoy 1/4 share

21 To be confirmed.

The ayakat value is Rs 300 Rs.

The average cultivation during the last 5 years has been Rs 253-12-11 & the Inamdar's share 84-9-9.

The average Circar share is Rs 169-3-2.

The source of irrigation for this village is not substantial. There are in the village a ruined tank & a neglected anicut. The wet ayakat is below ~~[illegible]~~ about 10 acres & the whole is waste five ~~[illegible]~~ years.

I recommend that the benefit of the recent orders of Govt. for levying only such wet ayakat under ruined & constructing may be extended to the agraharadars of this village & charge the wet at a dry rate of 2 1/2 Rs. a acre. The wet ayakat then at the dry rate is [illegible] to Rs 24-4-0 [illegible] the difference of this & the wet assessment being 24-7-0 from the Jamabandi, the remaining is 229 Rs which I propose to adopt as the Jamabandi. ~~[illegible]~~ The difference between this & the actual Jamabandi will go to give the agraharadars means of repairing the tank &c. & keep up cultivation at their own cost exclusively.

On the ~~new~~ proposed Jamabandi the Tirhuikam would be Rs 76 Rs; & the Circar average share or Jodi Rs. 153 Rs. I would charge 1/8 QR on the Inamdar's share which is ~~10~~ 9 Rs. The Jodi + QR will amount then to Rs 162 Rs.

I recommend that the village may be made over to the agraharadars on the permanent annual Jodi of 162 Rs. The agraharadars [illegible] of the village on this Jodi [illegible]

22 Proposed Jodi approved. Repairs of irrigation works should rest entirely with the Inamdars.

Arbuthnott

Confirmed as recommended on a combined QR of Rs 162
