This Samabandi account not being clear as to the share in which the Buz was shared by government and agraharadars I asked the Paillard for further explanation and he has submitted a ^{range} statement which is recorded in the back (later) of the register and which gives full particulars of the share.

The Paillard explains the former statement in stating the Buz including gifts and Zari portions and he has also given the values of those shares and the sub-divided.
