~~There~~ Very few lands are cultivated the remaining ~~all~~ land is all waste & is used for pasturage for which a rent is collected by the Inamdar. The Immemorial waste is all hopeless land — but being of so large in extent the sum of [illegible] ~~are~~ at the lowest rate of the village — In the Cultivation Acct of F 1231 Cultivation is stated at 21-6-5 & Dry waste at 8-11-4
30-1-9
& the remaining land left unassessed as the Immemorial waste of 108 acres is hopeless land never cultivated or cultivable. I do take the Rent of F 1230 as determined by [illegible] to represent the average value of the village — Rs 30-1-3
