The Woodpecker in the midst of the forest -
 It has been never seen elsewhere.
 The few fields cultivated at
 the Spring were brought under cultivation
 in the Spring of 1870. Ever since the whole
 village has remained a waste jungle -
 No human has been ever seen a corner
 of the land of the village, & our kind
 any share of the land has been suggested by the
 Grand old. The only item that has been
 shown from afar is to the Lake, which
 which point to the River a way of 2-7-2
 & the Lake is the same
 An allusion of - No 1-3-6

Let her be valuated with a shade up the
 value with the view of improving ^{the value}
 & enjoying it as a private property. I do
 not mean that it may be made over
 at any amount. I think of 7 per cent
 which will place it in order.
 I have no interest with it and he
 afraid of 150000. ab
