and his son Jagappa and the late Chidambath
an entry is made to the effect that the same
the wife of the latter had mortgaged the
land to one Lingappa of Madayagudi
by whom it was mortgaged to before
Karasambath and by him again to
one Ramayya. It is further stated
that Abba Karasayya was the cousin
of Kambala Ramayya, whose name
is entered in the account of 7/11/18
In the account of 8/12/58 there
is no entry of him and but the same is
mentioned under the head of 'jari'.

The Anti Collector's Recommendation
is fair and consistent with the rules.

Chas. D. Smith
Collector

Palma 18th August
1890.

That I saw and heard & bel of an older date
 than 30 years, but it had been in the
 hands of Portogues from the 17th
 The fact was in the 18th Column where
 the descendants of the Registered holder
 claim the registry of the land in their
 names and state that they intend
 redeeming it as soon as they are
 able to do so. The Portogues informant
 Professor Raulho objects to the issue
 of a Suma Little Book in the names
 of these individuals who agreed to the
 terms of enfranchisement.
 It is therefore recommended that
 the Suma be referred to the Chamber
 named in the 18th Column ^{of} 18th June 1808
 which consisted of former judges & 5 or
 6 land owners & judges.
 The Suma was placed under the di-
 rect supervision of the attendance
 of the Suma for before the Suma Definitive
 Collection, but they appeared & agreed
 the Suma within the prescribed
 term of one year, it is recommended
 that it be released from attendance
