Kerey Dumies for the last 5 years—

The Inamdar says he is not able to pay at each of the cultivation of the village. He says the round number that the Kerey he receives from the village is 90 Rs yearly—

This village is very poor. The greater part of the land is unirrigated waste, being the slopes & foot of hills. The arable ayakat, assessed at 109-14-0 may be calculated upon as the average area under cultivation. I would therefore estimate the value of the village at 110 Rs. & ~~[illegible]~~ remit the ~~so~~ value of the unirrigated waste in favor of the Inamdar.
