cha

(4) It is now extremely that the Village may be registered in his name; and that his usual share of 16 Rs on the Kerez of each year may be directed to be paid to him. On the latter point, we have no authority, and I have therefore referred the Inamdar to the collector for redress.

(5) In regard to the first point, the Pancham Khera rights in the Village should be registered in the name of the Inamdar, though they formally pass up the proprietors of the Village and whatever may be the transactions that have passed between the Inamdar, and the Muthadar, the latter can never have any right to the Kheram allowances.

(6) The Kheram value is estimated at 99 Rs. The kharams return of actual Kerez shows the outturn of the Village to be 42 Rs a year. The Village is now actually held by a renter on a rent of 35 Rs. For the purposes of recording the proper value of Government share, and the Inam share, I would fix the Kerez of the Village at the assessment of the asepia land Viz 53-12-9 + 1/2 of the ungrazed waste Viz 23-8 =, the total being 76 Rs. The Inamdar's share on the sum is Rs 15; and the Government share 61 Rs. I would confirm the Inam value at 1/8 Dist Cent or 2 Rs. The Inamdar says he will be able to enfranchise when he gets his due share of the Village.
