Already the settlement includes a good deal of mortgages — both of an early & recent date. I do not believe that there are any [illegible] or if they do that they would be [illegible] except to claim the Vritties. The mortgages are supported by [illegible] deeds which can never be satisfactorily tested. As a general rule, I have guided myself by the references of the [illegible] accounts of [illegible] for the subsequent acquisitions [illegible] have been good documentary evidence, & in others again where there could be had I was obliged to take up the declarations of the Agrahardars. In a few cases my doubts were so strong that I have thought it proper to apply to them ~~[illegible]~~ a higher rate of Quit Rent. ~~The Inamdars [illegible]~~ The settlement of the 86 Vritties has explained the number of Inamdars here & at [illegible] — it is highly probable that no owners could be found for the other Vritties generally — unless the Agrahardars would take recourse to bad means & set up claimants. ~~[illegible]~~ I have given at least [illegible] months to appear & establish their rights — this is more than enough of time. Any more than [illegible] ~~[illegible]~~ in claiming [illegible] excuse would in my opinion justify Inamdars. I therefore recommend that the unrestored of Vritties be placed at once under attachment & confirm the village in tenure of the Inamdars of the 50 [illegible] subject to the ~~payment~~ collection & payment of the assessment of the [illegible] placed [illegible] of Vritties say Rs 566 11 3. independent of the Quit Rent of 299 12 — Then so long as the Agrahar shall be under attachment the village will be in fact subject to a [illegible] of 866 7 3 [illegible]

I request that [illegible] may be [illegible] Collector [illegible]

A Petn No 306 of 1865 from Nungapalli Venkatarayyar requesting settlement of his Vrittis in this & other agh.
