Remarks on Case No 72 Village of Pudyapooram and Pettah, Taluq of Tripatore, District of Salem

Read the following letter

1 From the Collector of Salem D. 8th/3 Board Comms order 12th October 1816
2 From the Head Asst Collector of Salem to Collector Dated 8th September 1818
3 From the 1st Asst to the Collector of Salem Dated 5th January 1819

In this Case it appears that various memorials &c exist, but the claim of the memorialists is not traced nor is it shewn that there is no assignment of Land now in the enjoyment of the claimants the Superintendent cannot negotiate any money allowance in lieu thereof and therefore under these circumstances there is no Basis for settlement in the Superintendents with the claim should the Petitioner have further & substantial proofs to produce.

The Collector with these papers before him will be able to specify whether the Mutteawars Pattahs should be taken into consideration of a remission which has been therein cause remitted to him.
