one to land on. Payment of full document. The said Darsi Bhoy presented a petition stating that the land had been under his enjoyment for the last 10 years and that he desired to put the title in his name. It is entered in the Tahsildar's Book of No. 1179 and the settlement officer ordered him a putab for that year. Jaghirdar Ram Lal and others requested the Collector to have the land given to them. The Tahsildar in his letter of No. 1179 dated 23rd October 1880, brought to the Collector's notice the whole circumstance of the case and the matter was again brought to the Tahsildar's Book of No. 1178 and it was again ordered that the putab should be made in the name of Darsi Bhoy for that year. Thus the putab was issued in his name for three years. Consequently (the Tahsildar says) I am of opinion that this land may be registered in the name of Retnam Lal, because, it was purchased by the origin Jaghirdar Lal Lashiram. Subsequent to his death the land was enjoyed by his descendants up to the Bhawan Singh and after his death, it came in the possession of Darsi Bhoy the daughter-in-law of the last owner. On the death of Bhawan Singh an enquiry was instituted about the justice. It was known that Retnam Lal was one of the heirs apparent to the Jaghirdar originally the justice was registered in the name of Retnam Lal, and was in the enjoyment of his descendants for a period of about 10 years. Consequently the land may be registered in the name of Retnam Lal. If it is otherwise registered, same of opinion that a suit may be filed at the rate of 8 annas per Bigha.

1. Darsi Bhoy claims to have been under the title - but it was under possession for the last 10 years. This I do not consider to be a valid claim.
2. Though the present Jaghirdar is registered in the names of Ram Lal and others, the Government did not consider them to be the descendants of the claimant of the Jaghirdar Retnam Lal is the proper Registrar; he has included Darsi Lal as his partner, consequently I do not think that Darsi is the proper claimant to the land.
