Regr No. 97

In the Spring (March) to 50 in the Collingwood Cattle in the latter end  
In the winter - the ground was except  
- the ground was not  
For

[illegible]

The trees are 382  
 200 were grafted in  
 April at 1-5 -  
 The amount is  
 1000000 in all  
 to these trees grafted  
 some time to time  
 The trees are spread over  
 a considerable surface. The  
 land is at present some 10  
 hundred acres - but the value  
 to trees seems to have been estimated  
 at 1000000. Each tree to 100000  
 1000000 in value to the  
 17/10/62

10/20

Bullish Bear

Cash Bullish  
Bullish 19 Bulls:  
6 Bulls + Cash = Bear  
13 Bulls - Bullish Bear = Bear

*J. C. C.*

A close-up photograph of a piece of aged, yellowed paper. The paper has a mottled texture with various shades of yellow and brown. There are several faint, dark, illegible markings scattered across the surface, possibly remnants of old ink or pencil. A small, dark, irregular smudge is visible near the center-right of the frame. The overall appearance is that of an old, weathered document or scrap of paper.
