For the Sarjee Permanent support of a Dagoba at Tiruvalur in the Tanjore District

Remarks

The Tiruvalur Dash & Fakir have the land & house in the possession of an Agent of the Trustee who refuses to surrender them to the Collector under the Govt. Resolution of Govt. dated 8th July 1848 & refuses to produce the necessary documents for examination

Remarks

At this distance of time & taking the Collectors report that the prescribed dances connected with the Dagoba are more or less continued & the institution maintained though not satisfactorily it is hardly worth while obtaining authority for the Deed that had better be issued at once leaving any shortcomings in the fulfilment of the service to be dealt with by the Constituted authorities

Present Trustee nominated & recognized & ordered by order of Govt. dated 8th July 1848 as quoted in the Collectors' Docket to the Tahsildar of Kulumbaram dated 8th July 1848-

"been the subject of a full investigation before
"me, and the result has been to show that
"the proceeds of the lands are not realised with due
"punctuality nor applied with strict integrity- The
"prescribed Service has, however, not been altogether discontinued,
"and the institution continues to be maintained though not in a very
"satisfactory or efficient manner.

"I may add that the Complaint brought before me
"and which led to the enquiry above referred to, had reference more
"to the personal character of the present Trustee of the institution named
"in your letter than to the manner in which it is kept up, and the result of
"the enquiry made on the subject has by no means been favorable to his character
"and qualifications as a Trustee."

Under these circumstances I beg to submit for consideration whether it will not be expedient to withhold the issue of the Deed for the time being pending such orders as may be passed by the Commissioners on the Tanjore endowments as the Collectors opinion above given may appear to call for the adoption in communication with the Board of Revenue of some arrangement calculated to ensure a better management of the institution than at present obtains-

28th Novr 1861- Wadadsworth Pellar

This institution being in the Tanjore District where also it possessed considerable landed endowment, I wrote to the Collector of that province to ascertain whether it is efficiently maintained. Mr Cadell writes in answer as follows.

"The management of this
"endowment has very recently
"been the subject of a full investigation before
"me, and the result has been to show that
"the proceeds of the lands are not realised with due
"punctuality nor applied with strict integrity- The
"prescribed Service has, however, not been altogether discontinued,
"and the institution continues to be maintained though not in a very
"satisfactory or efficient manner.

"I may add that the Complaint brought before me
"and which led to the enquiry above referred to, had reference more
"to the personal character of the present Trustee of the institution named
"in your letter than to the manner in which it is kept up, and the result of
"the enquiry made on the subject has by no means been favorable to his character
"and qualifications as a Trustee."

Under these circumstances I beg to submit for Consideration whether it will not be expedient to withhold the issue of the Deed for the time being pending such orders as may be passed by the Commissioners on the Tanjore endowments as the Collectors opinion above given may appear to call for the adoption in communication with the Board of Revenue of some arrangement calculated to ensure a better management of the institution than at present obtains-

I believe in all cases where the institution is in existence it is usual to refer to Govt Dept to take cognizance of the management of the trustees also to call upon the enquiry of the Revenue authorities of the District- The same can be obtained by the Collector
