Sd Book "Lari" or Register Containing on the part of the Government in Col. B - that there being no other Pallikondapadai Sharam institution for the same institution a Claim was put in by certain Co-sharers for their proper Share in the Common Sharam division was ordered by the Collector in 1836 founded on the Patta of the Lagi according to which the Sharam is being enjoyed by one Sheik Mahamad & 6 Servants who are under him & holds of the "Landor" Mahamad Sahayadatta - The Mohamedan division has been questioned by the Landor or Land holder & the matter was re-opened by the Collr in 1840 & has not been brought to a conclusion - Mahamad Sahayadatta request that it may be re-decided - The Servants being for a religious institution Hereditary & Continued on that tenure

Letters to the Settlement of the dispute must be left to the Parties themselves alone & that a temporary commission like ours should not be brought to bear as little as possible upon the adjudication of Claims to Sharam that may be continued on their old tenure -

I would therefore simply recognize Mahamed Sahayadatta as the Registered holder of the Religious Service Sharam leaving the Settlement of the disputed division to the Commander in Chief &c &c - Neither can the actual Shares in the Sharam get any reduction but the whole Sharam may be withheld as held for the institution & the Recognized Landor alone may get the Patta for the whole according to the practice observed under the old Sharam Rules which must be considered as remaining in force in all cases of Service & other unenfranchised Sharams to be continued as long as the institutions are continued & the Service performed -
