Cases Nos. 19 & 20 are recorded in Register No. 218.

Register of Inams in the Village of Natarájapuram (No. 19) in the Taluq of Chitambaram in the District of South Arcot.

General Remarks regarding Natarájapuram.

This Village is also held on Sróthriyam tenure like Vasaputtur & Rádhávilágham under the orders of Government dated 2nd September 1852. It is also one of the Villages alienated on that tenure by the ex Palayagars of Pitchavaram who had held it as a Brahmadáya — when the circumstances of Vasaputtur & Rádhávilágham were reported to higher authority in 1841, there was an enquiry being instituted into the claim preferred by the Brahmins of Natarájapuram; but according to Mr. Collector Maltby's letter of the 23rd July 1852. "Various circumstances "delayed the Completion of this enquiry" and on evidence of long enjoyment under a grant produced, that officer applied "for authority to continue the Sróthriyam privilege during the lives of the present "incumbents in accordance with the indulgence which was shown under similar circumstance to the Villages of Vasaputtur & Rádhávilágham" & this authority was accordingly granted in the Board's Consultation quoted. A similar Course of procedure to the one proposed for the two Villages preceding is therefore recommended for this in regard to the terms of enfranchisement. A Register is on record of the incumbents in 1853 of whom those still alive are represented in the present Register, other shares having already lapsed —

Sd Book "Lari" or Register Containing on the part of the Government in Col. B - that there being no other Pallikondapadai Sharam institution for the same institution a Claim was put in by certain Co-sharers for their proper Share in the Common Sharam division was ordered by the Collector in 1836 founded on the Patta of the Lagi according to which the Sharam is being enjoyed by one Sheik Mahamad & 6 Servants who are under him & holds of the "Landor" Mahamad Sahayadatta - The Mohamedan division has been questioned by the Landor or Land holder & the matter was re-opened by the Collr in 1840 & has not been brought to a conclusion - Mahamad Sahayadatta request that it may be re-decided - The Servants being for a religious institution Hereditary & Continued on that tenure

Letters to the Settlement of the dispute must be left to the Parties themselves alone & that a temporary commission like ours should not be brought to bear as little as possible upon the adjudication of Claims to Sharam that may be continued on their old tenure -

I would therefore simply recognize Mahamed Sahayadatta as the Registered holder of the Religious Service Sharam leaving the Settlement of the disputed division to the Commander in Chief &c &c - Neither can the actual Shares in the Sharam get any reduction but the whole Sharam may be withheld as held for the institution & the Recognized Landor alone may get the Patta for the whole according to the practice observed under the old Sharam Rules which must be considered as remaining in force in all cases of Service & other unenfranchised Sharams to be continued as long as the institutions are continued & the Service performed -
