In cases not supported by sanads &c shewing 50 years possession I have generally recommended only 7/8th Quit, tho' the accounts are less than 50 years old, in as much as the villages of Palayankottai belong to an "Ancient Jagir" for which there are no earlier accts than those taken in the assumption of the Jagir; and this I presume is only in accordance with Section III of the Inam Rules. The Commissioner's Proceeding dated 5th July 1861 No 332 enjoins 1/8th as the proper rate of commutation in cases resting on accounts of less than 50 years with the exception of Tarapadi Inams, and therefore beg to submit for consideration whether this injunction is not at variance with the provision of the Rule quoted. — There was a Quinquennial [illegible]

I will refer to the general remarks of the Depy Collector & it will be observed that in cases of the description noticed the Inams can be treated as valid under Rule I of some presumptive evidence of 50 years enjoyment can be adduced as in the case of Tarapadi Inams, which are of reputed Pagodas but where no proof of any kind is offered, charging 1/4 quit rent as a compromise as seems well be adopted. Thus in the course followed in all similar villages in South Arcot. — Approved accordingly (?) 11th [illegible]

* of the Palayankottai Village is generally in Fasli 1249; but it appears to have been left incomplete & unacted upon & the Scientific Survey made in Fasli 1266 (the ... being struck out) is therefore the Correct & almost the only record of Extent. — I further beg to bring to notice that as regards Top Inams, especially in these villages, the available evidence of their duration is somewhat unsatisfactory, like that of the Pattah Parwanas of Jagir Mamandar. The earliest & latter Inam Jummabundis do not always record them & when they do the number of trees alone are mentioned & thus fail to furnish any means of checking encroachments. — The recent scientific survey is therefore the only reliable record of their existence & therefore I beg to draw attention to the circumstance & to leave it to the Commissioner whether they may all be continued free of charge. — I will however add that the title to exemption from tax in the case of these Tops in endowment of village Pagodas &c seems to rest on prescription & on permission verbally obtained from the settling officers, the Jummabundi, whenever a Top had to be planted for a village common purpose — since recently however such new plantations have been brought once under the whole Inam. — 4th Nov 1861 — Madaswi Pillai, Dy Collr

among the sharers treated in Col: 16 - and it is alleged in explanation of the whole having been in the possession of Shahi that the claimants father had made over his moiety to her who was also his mother in law as a means of subsistence, to revert to him or his heirs on her death and a document some 28 years old is produced to that effect. The document is on plain paper & two of the 4 witnesses are dead & the whole is denounced as a forgery by the other party who maintain that the Inam became the exclusive heritage of their ancestor Sayad Umar alone & that the other son having become possessed of other property had foregone all claim to share in this Inam - In a summary investigation such as this Dept. can make it is impossible to pronounce an opinion on the document produced by the claimant Sayad Alli &c. or on the truth of the pleas set up by the other party - & I can only recognize as the heirs of the last actual incumbent Shahi in this settlement - notwithstanding the assertion that Shahi became possessed of 5 Kanis (the moiety) only as a maintenance & temporary gift from the other branch of the grantee's family -
