Lake continued to long
 as the Pagoda remained
 28th Dec 1861 - Madaswa Pillai
 The new survey has included
 the site of the temple in the
 measurement - hence the excess
 M

The incumbents do not
 all bear of the original
 person - but this is
 immaterial manner
 being for religious service
 which is performed -
 The names now entered as reasons
 all appear in the Paimar
 of 1252. Lake continued
 accordingly as long as the temple
 is duly performed -
 The excess above 10 per cent is
 Decimals 13 - but considering
 that the whole village was
 until recently an Shan village
 which he added the ~~land~~
 of Sivanaraiyar on that land
 would pass on the excess
 28th Dec 1861 -
 Madaswa Pillai
 Deputy
