For Jodi 31.10 For life the personal benefit 22-8-2 Paid to the extent of the holder Calkuylea -

Sheet No. 171

In the Inam Jamabandi Settlement of Fasli 1252 Peria Venkatachela Nayer Ardhamaniem

Peria Venkata Chela Nayer Same as Lower the incumbent Age 62 of 1252

To be confirmed Enft. desired - 2. Rent present Jodi 4 on renewed asst Rs 15-10-plus 7-13-. Total Rs 23. rejecting fraction - 6th Decr 1861 -

Madadeva Pillai Dyfth

Cost of a commuted Quit Rent Rs 24/1/10 To be included in the Commutation Tax Bill as per instructions - 7th Nov 1848

* This arrangement received sanction from Government in E. Minutes of Consultation 15th June 1842 - Inamdars are willing to enfranchise their life tenure in regard to Kattubadi Inams held for life on a similar tenure (subject to half assessment on land Cultivated) it was enjoined by the Commissioners that in Commutation of the present Jodi, which varies with the extent of Cultivation a fixed Jodi equal to half the reduced assessment be taken - I should think the same principal applies to the Ardha Inamdars & recommend therefore that the Inamdars be allowed to Commute at this fixed Jodi that is half the present New Survey & reduced assessment, plus half the remainder -

The Jodis entered at the head of Col: 9, it must be remembered, do not represent the amount actually paid every year but only what would be payable if the whole land were cultivated which is not the fact; & if the reduced assessment may therefore be fairly taken as the Reduced Jodi Rs 10 15-10 Average Amount paid -

The Rule regarding excess does not apply to these Villages as the whole villages (Class such portions as have since resulted) is unwise -

One further circumstance has to be noticed - Viz that in a few cases of Vasaputtir, portions of Inamdars formerly Classed as Dry have been in the New Settlement rated as Wet, and according to the general instructions contained in the Commissioners Proceedings of 19th September 1861, the wet assessment must be reduced to the Dry rate & the Jodi & quit Rent Calculated accordingly, leaving the water rate to be separately levied by the Revenue Department when water is taken; the immediate apparent result of this method would be to diminish the amount of Quit Rent, and whenever a Water Charge is added to it, it would in most cases bring the total Collection including Kacharbarer the full assessment than if the Quit Rent were calculated at once in the New wet rate - Inamdars request that rather than levying these two separate Charges the one Settlment be made on the New wet assessment - I would recommend Compliance with this request in the Special case of this Village; the small apparent loss of Revenue involved in it would be compensated by the advantage of the simplicity of the single Settlement, which shuts out Chances of frauds in the levy of the Water rates on the pretence that water was not used in particular cases -

Jodi as per Col: 9 Rs 4-7-9 Rs I have accordingly Calculated the Quit Rent on the wet rates, but in anticipation of possible disapproval of this plan, I have Reduced Jodi shown in the Register the deductions to be made in reducing the new wet rates to dry ones - and if necessary, the 2 Rents may be remitted on the Commissioners Office
