Sheet No. 251

For the personal benefit of the holder — First or Jodi F. & A. 477-12-10

Hereditary by Nabob Chanda Saheb on the 12th Rajab Fasli 1161 AD 1752 as per Shrotrium Regr. of 1815 and other Documents produced —

Attested Copy of Parwana Inayetnama Hegra 1209 AD 1794 by Nabob Wallaja — Do by Nabob Umdat Ulumra Hegra 1210 — Taken from Messrs Garrow & Graham are also stated in the Register of 1815 to have been then produced —

Chedambara Natha Pillai

Maddee Veyga Thiruvenga dee Pillai the person in possr. at the Registry of 1815 — being the grandson by adoption of the daughter's son of Chedambara natha Pillai the grantee

Pondichery Vazaratha Muddee = veyga Anandaranga Thiruvengada Pillai age 30 —

Adopted Son of [illegible] Raya Muddiveyga Anandaranga Thiruvengada Pillai the ~~son of [illegible]~~ ~~[illegible]~~ ~~[illegible]~~ ~~of~~ person in Col: 15 —

Not married as yet

~~The fact of~~ It will be observed that there have been two adoptions — the adoptive father of the present adoptee was the sister's son of his ~~natural~~ adoptive father — He was however duly registered as the person in possession at the time of the Registry in 1815 — and the validity of the said adoption having become matter of question at Pondichery where in virtue of such adoption he claimed certain Caste honors & privileges as the Head of the Malabars — the same was referred through the Madras Govt. to the Sadr Pundit who affirmed its validity & his opinion communicated to the French authorities by the Madras Govt. under date 19th Augt. 1814 — The 2d adoption, that is of the present incumbent by his adoptive father took place in Pondichery in 1837 as per Deed of adoption duly registered & witnessed at the Registering Office at Pondichery, the adoptee being the natural brother's son of the adoptive father & the adoption having been carried out by his widow with his consent & in accordance with the wishes contained in his Will & testament — It does not appear however that special cognizance of the transaction was taken by the English authorities & the incumbent has been tacitly allowed to remain in possession as the successor of the person ~~in~~ registered in 1815 ever since the latter's death or for the last 24 years — and I would recommend that he be permitted to continue his tenure at [illegible] — I may not inappropriately add that the young gentleman is the representative of one of the most ancient distinguished Hindu families South of Madras & that the first Ananda Ranga Pillai played no mean ~~[illegible]~~ part in the struggle for dominion between the Nabobs of the Carnatic & the French & English — Many ~~of the~~ Shrotrium & Manium Sunnuds bear Ananda Ranga Pillay's seal & signature —

~~all~~ of the reduction in Ayan villages were applied

The valuation fixed on the village at the period of the Registry of 1815 is Pagodas 217 or Rs. 761 — ~~[illegible]~~ from which of course the Jodi & [illegible] charges has to be deducted — There was a Permanent reclassification of the lands of the village simultaneously with Ayan villages, but the survey rates of assess. have never been acted on, the previous manual rates continuing in force — The total Assessment according to the old Permanent rates & that which would result if the recent reductions in Ayan villages were extended to this village are exhibited, as also the actual revenue derived by the Shrotriumdar according to the rates in force ~~[illegible]~~ during the last 10 years — Their average gives the ~~[illegible]~~ gross revenue at Rs. 1098 and this I think may be fairly assumed as the highest point that the village can at any time reach being about 250 in excess of the value assumed in 1815 — The village was valued at Rs. 477 — [illegible] as follows [illegible] Rs. 15 [illegible]
