This is a Village of the Tirumadipuram Faram – The Kanis given in the List of A.D. 1775 for this Village are in squares of 51½ feet, which has been reduced to those of 24 feet in quoting the entries from that list –

The Gardens in this Village have been treated as ordinary Inams & enfranchised accordingly – an average assessment being forced on them, according to the nature of the soil & the rates of neighbouring ~~garden~~ lands – The Gardens are generally sandy fit for Palmyra topes and other inferior produce that requires no particular attention.
Venkatarama Pillai
Deputy Collector.
