For personal benefit in consideration of former services rendered in the Commercial & Revenue Depts & in lieu of a Pension which was stopped.

Lodi Rs 175 plus Rs 53-7-3 or 228-7-3

By the Madras Govt under authority from the Court of Directors as per letter from the Board of Revenue to the Colly dated 2 Decr 1819.

For two lives by Ramasawmy & his heir as per Boards letter

Ramanai

Oedeh. Cayam Venketarangayer age 60 Son of the grantee

Daughter sole heir Adopted son being [illegible]

Recommended to be continued according to the terms of the original grant for the life of the present incumbent & the part of the Lodi [illegible] recalculated – The original grantee died in 1832 & on report of the circumstances the succession of the present incumbent Venketarangayar was sanctioned by the Board under date 24th January 1833. The Shrotriemdar is not prepared to commute his present life tenure into a freehold at the rate of half ~~the Revenue~~ applicable to his case – The village is a fine property near Cuddalore & ~~well~~ most favourably circumstanced in regard to irrigation &c. – so that not an inch of ground generally remains waste – ~~[illegible]~~ & the full Ayakut Beriz is generally realizable – No deduction can therefore with any [illegible] be recommended from the amount forming the basis of calculation excepting a single [illegible] for management – and seeing that the tenure is limited to present incumbent's life only, I think it is expedient under all circumstances to ~~[illegible]~~ attempt any other alteration of that tenure by a new settlement – It will be seen that the incumbent is 60 years of age – 20th Augt 1861 – Wadasawmi Pellay Dy Collr

O Commuted Alleyum allowances – On the [illegible] of [illegible] that the grant be so [illegible] that the [illegible] in excess of 950 Pag. [illegible] present Lodi [illegible] the result of his exertions, the [illegible] have the benefit of it so long as our quit rent is calculated on the large revenue –

10th [illegible] [illegible] Junr. [illegible]

Sheet No 223

× The Depy Collr however begs to take the opportunity of correcting an omission which he has committed, viz. that a sum of Rs 53-7-3 has been subsequently added to the original Lodi on acct of certain Alleyum (or [illegible]) for Village Servant allowances &c which the Shrotriemdar was allowed to collect in addition to the Iwam or Ayan assmt – so that the total Lodi is 228-7-3 – This however does not alter the result as regards Q. Rent which remains the same, inasmuch as the sum of Rs 53 & odd which is added to the Ayan assmt is also added to the Lodi & the ~~difference~~ balance Lodi is deducted from the Total –

He also begs to bring to the notice of the Commissioner the request of the Shrotriemdar that in calculating the Q. Rent the Beriz may be taken as what it was assumed to be on an average of collections when the Shrotriem was granted viz. Rs 1050, after deducting charges & Lodi – Not feeling justified in recommending this request, I simply state that he was not prepared to agree to our terms – Supposing it were granted, the Q. Rent commuted would be Rs 700 – that is to say – half of the sum of Rs 1050 ~~[illegible]~~ which is the net sum after deducting Sundries, as originally assumed – or Rs 525 plus Rs 175 = Rs 700 –

The Depy Collr begs to return the sheet having put in the [illegible] the incumbent has the exertion of which he [illegible] necessary in this case as that does not effect Lodi mutation, & the Shrotriemdar having a life [illegible] his position is to have – [illegible] that the option of commuting was offered, as may be seen from the Remarks [illegible] on the ground that the [illegible] demanded [illegible] the Depy Collr allows the [illegible] Combined [illegible] Rs 1280 – [illegible]

This is a village of the Fort St. David Farm; the areas recorded in the Inam List & Garden List ~~of 1775~~ attached to the Chief & Council's Report of 1775 are given in Kanies & Gulies (each Kanie containing 100 Gulies or Squares of 5 1/2 ft each). The current Kani & that of the Survey &c. being in squares of 24 ft each, in ~~entering~~ the quoting the extent of the Lists the larger measurement has been converted into the smaller & the ~~Kanies~~ extent made accordingly. This being a Shrotriem village, no remission such as has been granted to other villages has been extended by Govt. to them on the late temporary reductions, but I have reduced the [illegible] the rate of remission granted in neighbouring villages of Cuddalore. Asst. of Rs 7 has been fixed on all Gardens, that being the highest Punja rate & there being no [illegible]

For the personal benefit of the holder — Tax free — Hereditary, or possession for life — but I suppose the doctrine has been long since exploded, and as the Inam is entered in so old an Account as the List of Inams appended to the Chief & Council's Report of 1775 (a period of 85 years), I would allow the parties to enfranchise at 5/8ths Q. Rent for No. 1 at 5/8ths ~~[illegible]~~ Rs. 12. Agreed to. Do. for No. 2 Rs. 12. Agreed to.

To be confirmed on two Deeds. On the demise of the father of Sharer No. I or rather several years after that event Mr. Collr. Ashton recommended in 1834 that the Manium should be resumed, apparently because "there were no documents in support of the claim" & because "the exemption from tax merely depended on custom" [illegible] Ashton ^Sub-Collr.^ holding the doctrine that unless an Inam was supported by Sunnud or Grant it might be charged with full assessment. The Board (2d Decr. /39) directed that Venkayar &c., the sons of the deceased should remain
