To be confirmed subject to a quit Rent of 1/8th R 2 - The sales are not quite absolute & practice the conditions of the documents would appear to reserve the right of recovering the land to the alienor - but it is not ascertainable where the probable heirs of the original parties are -

Some are supposed to be in the Zayar District, but their names &c. are not discoverable. The incumbent's title is therefore conferred conditionally & he says he is quite prepared to answer any future possible claims & fully understands that his title is not absolute & that he is liable to be ousted should any heirs come forward - According to the terms of the document the usufruct is to go towards paying the interest on the money paid -
