

of the

It is true that

... ..
 of his nominal right so that what he actually loses may be as far as possible
 the rate prevailing in the city on billings which have had such liberal concessions -

... ..
 the said being quite poor affording supplies of fuller's earth - about 1000 tons had been
 actually consumed
 formed by Europe streams, by the formation of two little tanks by roads passing through & by
 to be used for building etc. - the culverts on the road is said to have specimens that it would
 be hard to make an addition in that
