Petition of Mir Hussein alli Inamdar of Vellakkandal, Trincomalee
Taluq. South Prov.

Petition of Mir Hussén alli, Inamdar of Vellakkandal, Trincomalai Taluq, South Area.

1. Vellakkandal is an entire Inám village in the Title deed it has been described as a minor Inám though the Register describes it correctly as an Inám village. This is the first error and has apparently led to the second, viz. the omission of the saving clause "besides Porambóke", which it is usual to insert in all Title deeds issued for entire Inám Villages.

2. The Porambóke in this Village is acres 125 as per Dry Actor's Register and is under the Orders of Government, part and parcel of the Inám Confirmed. The practice of the Department has been to Exhibit in the Title deed only the cayek area, and, in regard to Porambóke, add a Saving Clause of the kind noticed in para 1 supra.

3. These errors, which are evidently the result of clerical inadvertence in the drawing up of the Title deed, will now be corrected, and a copy of this order communicated for the information of the Collector with reference to his decision which is appended to the Petition.

4. If the alleged Encroachments are Established to lie within the recognized boundaries of the Inám Village, such lands being covered by the Title deed are part of the Masjid Inám, and the assessments due thereon, if now paid to Government, will be hereafter payable to the holder of the Title deed.

13/3/71.
