Polygonum from ^{Village} ~~low~~ -
to the river
Lycopodium ^{several}
76 in ed. 14.

This is a ^{very} distinct stream.
It receives its waters from
long times but the lower is stopped
so many feet from the mouth
for centuries, until the stream drops
the kind was observed by some men
who found there's no water current
in life. That is the only the stream is
terminated. It is joined one
time as $\frac{1}{2}$ L R or R n-n-n.
