— — — This Inam is entered in the Inam Account of F 1217 & F 1222, three Kanis entered but the fields therein given as constituting the Inam differ from that at present in Enjoyment. The number of fields entered in it is 17 & the extent 3K as already stated. Those fields are far away from the ones now held. The 3 Kanis appear in Accts up to F 1235 & as the names of the fields given in F 1232 correspond with that in F 1222, very probably the same fields were held till F 1235. Referring to the Kaleer settlement Acct

of F 1236 [illegible] the survey of F 1215, I find that the field at [illegible] enjoyed is entered as "Anadi Banjer" and as Lapt Inam of Venkata Chari. The fields specified in F 1222 it appears from the same Acct (Kaleer Acct) to have been lying waste at the time of the Paimaish. From these it may be clearly inferred that an Inam held by these parties formerly was under Lapt from some cause then not known, and was become Anadi Banjar, & that finding that in consequence the land was held as Inam, it was probably advantageous to revert to the original field - it was exchanged with the Kaleer settlement which afforded a very good opportunity for such changes. The present Inam cannot but be considered as new Inam but as it has been held rent free from F 1236 or for a period of nearly 35 years, it may be confirmed on ½ QR Rs 4-4-0.
