The Shetland College course,

in the family to which the one was
originally made & no alteration in fact or
in whole has taken place - I believe says

[illegible]

There were 20000 sold of the bullocks -
but the number of calves is shown in the
margin - It will be observed that the
cows are sold at a low price under the
head of "vacuillada" or have been omitted
from the Count etc - as the most laboring
part of the country has been so complacent
to the neighboring lord bullgors who
collected that land profits being so

The village was being more and more held
by the Christians - a treatment
was ordered & the result was that
2000 odd slaves were discovered as
"Kassidali" but within the hour &
recognized him as of the tribe &
nearly a much more & found the
ownership was ^{open} ~~made~~ to a white man
named

of their locality ^{where} ~~but~~ between them
