H. [illegible]

[illegible] to [illegible] Village.

There are no accounts [illegible] in the Collector's Office, or in the Tanjore Palace Records in support of this Inam Village. From the enquiries already instituted in the year the result of which has already been reported, vide the Collector's letter to the Inam Commissioner dated 9th March 1867 No 177, it appears that the Village is not shown in the Naimash Pirist accounts of Fuslies 1214, 1216, 1226 & 1238, nor in the accounts received from the Raja of Tanjore in 1867.

In the Naimaish Chittas of Fusly [illegible] of the Villages of Nappanapolakkadu & the Shrotriem Village of Tirumangalam in the Pattukottai Taluk, 66 acres are shown under the designation of Maharaja Ilaka Raja Palayam, which now forms a portion of Saikhotta, & 6.03 as Maha Raja Ilaka Sakkottai Raja Palayam, & deducted from Ayakat of the Villages of Nappanapolakkadu & Tirumangalam.

The account entered in the field book is an old Naimaish account of F 1230 in Palmyra, not authenticated by the Collector's seal & there is no abstract or copy of the same in the Huzur Records. This account is produced by the present Karnam of Nappanapolakkadu Mel Padivattam, wherein the Village in question is styled as "Mokasa Inam of H.H. the Maharaja of Tanjore & the Mokasa Inam of Rama Pandu Rao Sangaroo Ghorpade Kalidas". There is much doubt as to the genuineness of this Naimaish account.

From the further enquiry instituted by the Tasildar of Pattukottai (Naggi dated 1st November 1867 with 5 enclosures) subsequent to the receipt of the Offg Inam Commissioner's reply dated 13th March 1867 No 245, it appears that the Village has been enjoyed free of all tax from before the assumption of the Country by the British, & that it was not formed by encroachment on the lands of the adjoining Govt Villages, the boundaries of which remain undisturbed. This is the result of a meagre enquiry, as it is based upon the ~~[illegible]~~ statements made at random by the dependants of the adjoining Villages. The circumstances of this case are in my opinion doubtful. I would therefore ~~recommend~~ recommend that this Village with its minor Inams be confirmed to the present holders, under Rule VII subject to payment of one fourth (1/4) Quit Rent.

Kesava Rao Mole, late adopted son of the proprietor, No 7 8 & 77 in the 16 A as per form in regard to a claim to the entire Village, in support of which he produced no grants or documents. Vide Para 3 of the Collector's letter to the Commissioner dated 9th March 1867 No. 177.

Sakkaram Rao authorized agent of the party No 6 in 26 A, produced certain ~~[illegible]~~ unauthenticated old ~~Mahratta~~ papers to show that he was the rightful owner of the ~~Village~~ entire Village inclusive of the Tope & Natta, the latter of which ~~[illegible]~~ appears to have been occupied by the Villagers for years. The party has withheld ~~[illegible]~~ only the Tope lands, which have been recommended to be confirmed to him. The ~~[illegible]~~ papers so produced by the agent, ~~in support of his claim to Natta lands are~~ are inadmissible, as documents in support of his alleged right. The Natta lands, which have been recommended to be confirmed to the present occupiers.

This Village is bounded on the north by the Village of Nappanapolakkadu, on the east south & west by Tirumalai Pattukottai.

The average rates of these villages are adopted, being from [illegible]

They are. Wet 7-6- per acre
Dry 1-13- per acre
Garden 2-15-9 per acre

The lands are divided, the majority of the holders occupy [illegible] & building sites. I would recommend that separate Title Deeds be granted ~~for~~ confirming the Inam under Rule VII at 1/4 Q.R.

The total quit rent of the entire Village including the minor Inams is — 54-12-
The Quit Rent chargeable on the minor Inams is — 15-8-
Total 70-4-

Ireland

As this land has paid no Sircar revenue for the past 60 years, I consider that it may fairly be considered to be a genuine Inam, & that it may be confirmed at 1/8th assessment, in one Title Deed — G.S.M. 11-1-1871
