Appeal Pn dated 22 July 1865 from No 2 in Col. 16. This Pn is admitted under the following Circumstances — Petr applied for a Copy of the Dy Collrs Rept Decision in Decr 1864 — The Paper was supplied to him on January last only — It cannot be expected that any one can appeal before he finds that the Decision is agt him —

In the above Pn Petr objects to the remarks of the Dy Collr as given in Col. 25 — He states that the remarks in regard to the Cheraram right are untenable — & that the Courts' Decision referred to did not relate to any land in which he was a party & complains agt the Dy Collr having omitted to picture another Judicial decree in favor of the Cunaumuniendars he had produced before him — He contends that a sweeping remark such as the Dy Collr has entered is one which he had no authority to make —

Upon reading the remark in question, the appreciating Commissioner observes that it was not called for — It is not the province of the Inam Commissioner to adjudicate disputes regarding Cheram rights — Petr will therefore be informed that the Settlement by this Dept is confined to Melwaram rights only and that such a settlement does not prejudice any Proprietary right in the land which the Cunaudars may have enjoyed before such a settlement — If Petr actually enjoys any such Proprietary rights, these will not be prejudiced by the Dy Collrs remark — Petr is at liberty to maintain such a right by establishing it before the Courts whenever it may be questioned — Pn enclosed accordingly —
