His name Tellin has been placed above
 attachment since the 18th January 1890.
 with a notice of 1/2 letter a day, it is
 noted that Tellin is held after so January
 a new arrangement. Notice now given
 depends on the Tellin was granted
 of his grandfather's father by Laskhoje
 Rajah - about 150 years ago & of
 the descendants of Laskhoje's father, saying
 it was granted by his ancestor, such
 request to Ford, for a supply of a
 water supply, as it is stated in
 request to him, time being no theme
 ahead. His addition is sufficient,
 as documents in water supply
 appear & time has kept up for
 last 50 years. But is there no reason for
 believing & although for his father
 to be still granted.
 His father is called a Lord of India
 of 1000, kindly by the water supply, as
 the water supply is made to them. It
 is now done by the Indian water
 from 50 years old.
