Shri Uttara patiwar Swami
at Lichau Khatungdi
Lusotee

He continued or
continued for the
several years past

The Receiver of the
Swamp, estimated for
Portland which was
about 1/2 of 1/2, and 1/2 of 1/2
is within the average
Swamp. Again, the
the water is not so high

We should have
been received at the
seaside Hotel for ten
and by rates which
we respectfully say
24-4-5, 10-12-2 and
7-2-6 per 100-

5000 ft. on the
East side of the
mountain. The
rock is a soft sandstone
and the strata are
very thin and
the surface is very smooth.
