For the villages in this col. [illegible] the acct. of F1216 is not available. The Pymash acct. in some cases gives the former extent, whilst in others it is silent on this point. There is an acct. of F1237 which gives the extent of Inams in each village with particulars in some instances [illegible] between F1226 & 1238, there were no [illegible] of transfer lands or the [illegible] assignments. In calculating Inams in Ayan lands, the extent of the villages as per acct. of F1237 & 1239 have been taken, & the Inam with 10 P.C. is V. 38-17 — P.E.
