Appeal Dno II No 714 of 1864 from Ramaswamier claiming the registration in his name of the land confirmed to No 24 rejected & endorsed —

No 24 Bapu Row contends that his right of ownership to the land has not been extinguished — such a right does not appear to have been ignored by any Judicial Decision — This Court can not therefore register the appellant — The registration in the name of No 24 however will not affect the appellant's any right and appellant should establish his right before Courts —
