Aggregate total of Extent of Cases nos 2-344.

The encroachment appears to have been made nearly 50 years ago. The average excess on the Tarapus land of the village is only $3\frac{1}{2}$ P.C. whereas in the Inams the average excess is 7 P.C. The encroachment is therefore clear. Under the above circumstances, I would recommend that the Excess over and above the extent in the Chitta of F 1216, may be charged at $\frac{1}{4}$ in reference to long enjoyment of nearly 50 years and that a joint Title Deed granted for Inams Cases nos 2-344.

To be confirmed under Rule 3 Clause 1 Fasli.

As it is very clear that the encroachment is of subsequent date to F 1216, tho' prior to F 1225, I do not see why these encroachment Cases should be dealt with differently from Case no 1. Charged at 1/2, Quit Rent Confirmed. therefore at 1/2 Quit Rent
