This Village was originally the hamlet of the Iyen Village of Periapatty which bounds it on all the 4 sides by boundary stones fixed to shew the limits – It is even none within those limits – There is no reasonable ground for suspecting Encroachment on Government land – The Excess is in fact the total of trifling Excess found on each field during the survey of F 1236 – & subsequently up to this date – It is therefore allowed – being part of the original Inam –

The Agraharam lands are not subdivided among the Holders but are enjoyed in Common – They are therefore settled at one & the same Rate – though the Circumstances of some of the shares are different than what would entitle them to that rate if they were separate Inams –

Vide orders of Govt 8th April 1861 N 597 – and 3rd May 1864 N 766 – and the Com's Pro: Dd 15th Octr 1862 N 65 –

There is no Huzoor account for F 1213 showing the particulars of the entire Villages – But the Huzoor account for the same Fusly exists for the Minor Inam in each Village – In this account for this Village, the Village is headed as "Brammadayam Mauza Edayappatty" – as in the Curnum's Cadjan account of 1213 which gives full particulars –

No 3 has prospect of heirs, and is a divided collateral of N 7 –

The only heirs for N 5 is his sister's son N 9 –

The Agraharam is enjoyed in 12 shares as follows

N 1 —	3
2 —	1
3 —	1
4 —	1½
5	2
6 —	½
7 —	1
8 —	1
9 —	1
	12

There was a dispute between No 9 and one [illegible] brother of N 5 in F 1213 regarding one share – The parties have adjusted the matter amicably among themselves, – and the latter gives up the share in favor of N 9 –

No 4 Eggamien has produced 3 – Deeds of sale –

By widow of N 3 in F 1213 named Naniammal in favor of one Sashayengar on Stamp'd Paper for Rs 200 dated 6th July 1864 selling one share

Deed of sale by Sashayengar re-selling the same to Eggamien for Rs 200 dated 15th July 1864 on Stampt Paper

one simple Cadjan deed of sale by Krishnayengs son of the party N 6 in F 1213, selling ½ share to Eggamien for Rs 50 – dated in Septr 1856 – Nala Avani 23

1/8

No 6 Annasamiengar inherits from his gd father Subba Vadhyar who purchased ½ share from No 6 in F 1213 – No deed is produced –

The Inamdars have no accounts of their income to produce. but agree to the settlement being based upon the average assessmt in Col 6 –

Title confirmed accordingly in one T. D. Q Rent ⅛ Rs 47 agreed to

The whole Village Inam in Case 1 does not appear registered in the Inam account of the Estate — however it appears to have been the Practice in the Madura District to exclude whole Inam Villages from the Inam accounts — But that this inam was excluded from the a[illegible] the Peshcush was fixed is proved by the Abstract account (Huzoor) of the Permanent Settlement in which it is deducted out of the Ayacut of the Estate as the Inam Village of Karunagiri Perumal Pagoda — It is therefore brought under Settlement — Besides this the Curnum's Cadjan account of the Survey of $\frac{1803}{1213}$ describes this entire Village as the Pagoda Inam — As to the Excess in the whole Village Inam, it is but 3 Per Cent, and is within the limits of the Village — Consisting of one Mouza^A & 10^B Mazras as specified in the latter account —

Mouza Edayappatti — 1 A
Mazras —
Kadavoor — 1
Surumbanpatty — 1
Seckkaupatty — 1
Iyampolliam — 1
Ramanaickenpatti — 1
Karivada Naickenpatti — 1
Nadappatty — 1
Chinna Bommee Naickenpatti — 1
Valaya Patti — 1
Vyrampatti — 1
10 B

Eastern Boundary — Toppayanmalay —
Western Boundary — Perumal Kuduradeep in the bed of Ponnaray river
Northern Boundary — Kattadatty rocks of the Mangamalay Hills
Southern Boundary — Perumal Kombay Hills

The Village is in fact bounded by a range of hills called Karunagiri on all the 4 sides though known on each side by a different name — The Excess is therefore allowed —

As to the Excess in the minor Inams of this Village the Manager of the Pagoda, who is also the Zemindar affirms in common with the Inamdars that it is an increase in the Ryot lands of the Village and as Govt. can not have any claim thereto, it is allowed as being within the recognised boundaries of the Inams —

The Inams in Case No. 18 originally granted for specific services to the Karunagiri Perumal Pagoda appear to have been resumed by the Pagoda Manager for the institution and ready Money allowances fixed for the Servi[illegible] The Manager states that the change was made by him as each servant applied for it. So that from Fusly 1255 he took the [illegible] for the Pagoda & thats by the change the Servants receive higher Remuneration than what the inams can afford them — None of the Servants whoever appear before me to claim the inams — Under these circumstances [illegible] In Fusly 1260 the Service inams are not entered because they had been previously attached to the Institution [illegible] the general case, the Service for which the inam was granted, & left the tickets in the hands of the Manager

in the Register of [illegible] Zemindary in the Kulittalay

Kulitali Taluk, Trichin

Gen al Remar

the Register Col. 6 is left Blank because the old assessment is the same as the new assessment entered in Col 7.

Col. 14, the area of the inam as entered in F 1213 is not given as it appears in Col. 4 under the Head of Tysul area. In Col. 15, the area of F 1262 is not given too because it is the same present area which is entered first in Col. 4. The present area was entered in the account of F 1262, in Kanee Anas & Fourths, having been Converted from Guntahs with a view to adhere to the Trichinopoly practice.

This Zemindary was transferred in F 1262 to Trichinopoly. It has been a Saree Estate from F 1213, And has never been under Govt management. This is the cause of the defective state of the accounts of Iyen and Inam lands. No second Survey was made in this Estate, while in Toorangapurie & other Estates it was made, in F 1236 when the excess in each original Survey Field then numbered was ascertained. There have been however, Excesses found in Iyen and inam lands in this Estate whenever they were specially measured. But this Excess was only partial, and found on a few fields only that were measured, on the other hand, no deficiency existing in the Survey area was brought to notice except in a very few Cases. Thus no average Excess in Iyen lands Can be made out by the Curnums in a satisfactory manner. For only parts of several fields Perumpoke & waste were measured so far as they were cultivated, and the parts lying waste, were never interfered with thus making it difficult to determine what the real Excess on the whole was. It is however admitted by all that there has been Excesses in Iyen lands, And though it is impossible for the Curnums to distinguish under the heads of Dry, Wet, Garden, the areas as per Tysul, as well as at present of the same identical land, yet they have given an account Shewing the total area of the Village exclusive of Perumpoke, as per Tysul & as per F 1271, the increase in the present Perumpokes above the former Perumpoke, being added to Tysul area. This account tho' not very accurate, Can be relied on as being near the truth. I have entered at the top of the register an abstract of this account to shew the average Excess in Iyen lands with a view to treat the inam Excess under the if it become necessary to do so. The Inam Excesses are of Course stated by the Inamdars and by the Zemindar, to be within the recognised boundaries of the inams. Zemindar does not Claim the Excess for his Estate as obtained by any Encroachment on Iyen lands. I Consider therefore that it is fair to allow the Excesses to the Inamdars.

Since writing the above remarks, I received the Commissioner's Proceedings 13th October 1863 No. 564 (Para 2) authorizing me to confirm the Excesses in tion as part of the inam and so have entered my Decisions accordingly in Col. 21 in all Excess Cases of inams.
