Under the circumstances stated in my letter to Comr. 21st October 1863 Para 13, and under the Special Asst. Comr's instructions contained in his Memo: of 4 Novr. 1863 Para 13 — I called on Mr. Pickle with the Karnum to ascertain whether the area of the Inam contended to be no more than 26 acres, was correct as herein entered — Mr. Pickle found the area of Field No. 361 entered in his Field Book as 47.17 which in his regr. was subdivided into A & B, of A further having been taken as Inam area 34.17 & B as Circar land area 13. — He examined the map, and on calculating the area allotted therein for the field it was found to be about 27 acres only — He promised to make a reference to the Survey Office to ascertain the correct area of the Inam — But as his answer has not yet been received a reminder was sent to him — 12/7/64 — Whenever it is received, it will be communicated to the Commissioner for making such alterations as may be necessary — I.K. Till this time, it is requested that the T.D. for this Inam be spared —

To be confirmed in one T.D. so long as the Pagoda exists as follows
